

**KEEPSAKE CARD CRAFT (2004) LIMITED**

**BOOKATRIX (THE NEVER ENDING STORY.....) INSTRUCTIONS**

<b>MULTIPLE BOOKS</b>	<ol style="list-style-type: none"><li>1. Place card against board over the top of chosen design</li><li>2. Place a 6mm stylus tool in the channel of the size of book chosen and press stylus tool down into channel and run around the shape of the book.</li><li>3. You may then carry on and emboss as many of the multiple books that please you again using a channel to access the size of book required. This allows you to create a great amount of different combinations and looks with the books and gives the option of as many 'pages' as you require..</li><li>4. These lovely embossed books give a beautiful setting for every occasion that you might require to celebrate and allows you to use any of your preferred artwork, such as rubber stamping, flowers, Pergamano , beads, photographs etc. etc.</li><li>5. You can create stunning mini-books also that can be attached to a pre-prepared and embossed base card.</li><li>6. These embossed Books combine wonderfully with our Emboss to Impress Romance and Framey Boards giving a vast amount of embossed designs to be used.</li></ol>
<b>BOOKMARK</b>	<ol style="list-style-type: none"><li>1. Place card against board over the top of design</li><li>2. Run stylus tool around the design using channel and then cut out, edge with either thin peel offs or your preferred decorative edging.</li><li>3. The horizontal line can then be embossed if you wish, folded over and secured with a fastening of your choice – this folded top can then be threaded with a ribbon, chain, or tassel to form a beautiful bookmark topper.</li></ol>
<b>TAGS</b>	<ol style="list-style-type: none"><li>1. Place card against board over the top of design.</li><li>2. Run stylus tool around design – access by using channel to tag</li><li>3. Mark punch hole with stylus and then punch hole for threading with ribbon.</li><li>4. These tags can be embossed separately and cut out</li><li>5. Decorate as you wish.</li><li>6. These designs can also be used as embossed shapes onto your base cards.</li></ol>
<b>FLOWERS</b>	<ol style="list-style-type: none"><li>1. Place card against board over the top of design.</li><li>2. Run stylus tool around design – access by using channel (stalk of flower)</li><li>3. Two beautiful flowers are included – emboss as you wish – try also embossing flowers on separate card , toning or matching and layering the petals to create a spectacular decoupage flower</li></ol>
<b>LEAVES</b>	<ol style="list-style-type: none"><li>1. Place card against board over the top of design.</li><li>2. Run stylus tool around design using channel (stem of leaf) and complete the design by embossing veins of leaves</li><li>3. Reverse leaves (left and right) are included</li></ol>
<b>CELEBRATION BELL</b>	<ol style="list-style-type: none"><li>1. Place card against board over the top of design</li><li>2. Run stylus tool around design using channel</li><li>3. A beautiful celebration bell for weddings, Christmas etc etc.</li></ol>
